## BOATING FACILITIES IN THE CANALS

### President's Report August 2006

There are still some concerns over the issue of existing boating facilities in the canals. From my understanding of the matter where it relates to existing pontoons there is still to be a "visual audit" to be made of existing facilities. Following that a decision is to be made by Gosford City Council as to action taken in relation to the existing facilities.

## SALVATION ARMY CHRISTMAS APPEAL VOLUNTEERS NEEDED

Rob Hughes - The Professionals Ettalong Beach has been the organiser of this event for almost a decade now but the whole successful appeal may need to be scrapped if there are no volunteers to conduct the appeal.

The philosophy behind the island appeal has been for the children of the island to come together to do something for those who lend a helping hand to the general community.

If there are families living on St Huberts Island with children who are prepared to donate their time for one Saturday please contact your committee members or Rob Hughes and offer your valuable services.

## Warning for motorists

From the N.R.M.A. Re safety in parking places and Shopping Centres

After shopping and getting into your car **LOCK THE DOORS** before moving.

If you notice a note or a piece of paper on your rear window or windscreen drive away and remove it later.

Thieves use this ploy to entice you out of your car. The unsuspecting driver gets out leaving the keys in the ignition your purse etc. on the seat. The thief swoops and steals the lot.

Remember Lock Up.

# SLOW DOWN

## SPEEDING MOTORISTS

Speeding on Helmsman Blvd. Note: The max speed is 50 K.P.H.

Over the last two weeks many speedsters have been booked. In one hour eight drivers were ticketed for speeds up to 92 K.P.H. A week later the Traffic Police were active again. We were advised that Helmsman Blvd. will be monitored from time to time.

# Power Fluctuations

Some Island residents have been experiencing power fluctuations, resulting with their lights flickering at night.

If you are having a similar problem you should advise Sydney Electricity, as it could be a power supply problem.

Recently Sydney Electricity were advised of a blackout at 3.00 am but did nothing about the problem until other residents complained of the same problem some four hours later, they said that they need 3 complaints to act.

**Summer is approaching  
be mindful of others**

## Bore Water Usage

During these times of severe water restrictions may we remind residents that the use of underground water (bore) for their gardens etc. is not an endless supply and residents that have bore water with an offensive odour should be mindful and courteous to their neighbours when in use, especially around meal times and when they have visitors.

Over the years, Peninsula Prestige Properties have sold and managed a number of properties on the island. If you are looking for an agency that's proactive, innovative in its marketing approach, persistent in following up all sales activities and one that supplies you with regular weekly updates on how your property is performing, then call:-
