HAS ANYONE ELSE SEEN A BLACK KANGAROO ON THE ISLAND ???

I live in Marina View Parade and about 5.15am in the morning of Friday 25th October, I looked out my of window and was amazed to see a black kangaroo loping across my front lawn. I headed for the front door and there it was two metres away and staring at me for about 30 seconds then it loped off down the road in the direction of the slipway.

Annette Clark.

Attention Dog Owners

Dog owners have a responsibility to clean up after their pets and not leave others to walk in it. It takes little effort to carry a suitable receptacle and take the mess home with you. Heavy fines apply for failure to remove dog faeces, dogs not on a leash in a public place and other offences.

AUSGRID UPDATE

I have had discussions with Ausgrid's senior representative in respect to the replacement of underground electrical cabling to the island which has been carried over the last year or two and I am advised that all of the major construction and reinstatement works are now complete. This will result in a marked improvement to the electricity supply reliability and quality for our suburb.

The remainder of the work, which will mostly consist of final checking of individual residential connections to underground pillar boxes and meter boards along with any cable connections and replacement where necessary will not be completed until the latter part of 2014 due to competing priorities. This now marks an end to the major excavations we have experienced and the majority of future works will be carried out on individual properties and involve minimal inconvenience. If required, owners will be individually notified and in the unlikely event that any disturbance to lawns etc, occurs, these areas will be restored to original condition.

**Time and time again,
we put our customers first.**
