PO BOX 247, ET TALONG BEACH 2257

SEPTEMBER 2007

*General meeting at Peridon Hall on Thursday 13th Sept. at 7.30 pm.
We are hoping for a good attendance and should you require transport
please call Bob Fahey on 4342 1061.*

BOATING IN THE CANALS Pontoons and Mooring

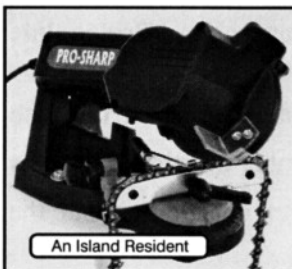

Gosford City Council is now well underway with consideration of action for existing pontoons and moorings within the canals.

Also I am aware that those residents with existing approvals have been issued with accounts for arrears for their permissive occupancies. Should any resident experience any difficulty in respect to their dealing with Gosford City Council and you think your committee can assist please come along to the September 13th meeting to discuss any matters you wish to raise.

Ron Spratt OAM
President

ENTRY STATEMENT

As reported in June the indications are that the entry statement will now proceed without delay with Gosford City Council staff committed to the completion of the work. Now due to changes of the way in which this work will proceed it is now dependant upon a suitable location within the works program of Gosford Council Construction Branch but I am confident the work will not be too long before we see the entry statement in place.

Island Dine Out

DINNER WITH FRIENDS

We have been asked to arrange another "Dine Out" in October. The venue and timing will be a topic at September Meeting.

If there are other matters you would like the Association to consider please come to our September meeting and raise the issues that may be of concern to you.

Attention Dog Owners

We thank those people who clean up their dog's "doings". The dogs love a walk, tumble on the grass or a rumble in the water. "Doings" not picked up mess up school shoes, pavements, etc., so please clean up. Don't toss the droppings into the waterways or leave the plastic bag knotted in the gutter.

Bore Water Usage

During these times of severe water restrictions may we remind residents that the use of underground water (bore) for their gardens etc. is not an endless supply and residents that have bore water with an offensive odour should be mindful and courteous to their neighbours when using.

Please don't pump at night when the atmosphere is heavy and the "rotten egg gas" hangs in the air. It just isn't necessary to pump for hours.

Thankfully most residents are considerate and we thank those people very much.

The Gosford City Council and Air Pollution Control Department are the controlling bodies and Mr A Ratcliff at Gosford Council is a contact if you have a complaint over odours.

CLEAN UP THE BEACHES OF THE ISLAND

Don't wait till Clean up Australia Day.

Gosford City Council is not able to clean up the beaches of the island due to pressures from the relevant state government legislation. If residents need weed and other rubbish collected from the beaches removed, suitably bag the material and I am sure Gosford City Council will remove the collected material. Please contact your committee for assistance.

Raking up of the sea grasses that proliferate on the beaches and throwing it back into the water does not resolve the problem. All that is achieved by this is it becomes a deposit on somebody else's beach. If you suitably bag the material council will pick up and take away.
